The Least Of THESE...

Precious partner, my heart bubbles with gratitude to the Lord and you for sending me on one of my most gripping outreaches yet. On 23rd of June 2017, Life Liners and I visited the beautiful people in the humble village of **Acur, Katakwi** district in the Eastern part of Uganda to provide food and clothing relief. An over four-month long famine had ravaged this part of the country and the torrents that followed took with them the little maize harvests that were seemingly their only hope for survival...

Till the Lord used us. Thanks to you and the contributions of other **Bishop Circle, Ageno Foundation** and **Life Line Ministries'** partners, we were able to distribute over **two tonnes (2750 Kilograms precisely)** of Maize flour; helping up to 200 families with two month food rations each. We were also able to clothe the threadbare fathers, mothers and unclothed children of Katakwi; distributing over **four bales** of clothes and footwear. Oh the joy, the gratitude that beamed from their faces is too strong for the constraints of written documentation.

The Lord also enabled us commission **326 leaders in Northern Uganda** and **179 others in the Western Region** to do His great work under Life Line Ministries. It was nothing but humbling. The success of these events are milestones on a 20 year long journey in fulfilling God's commission to me to preach the gospel and touch empty hurting lives with the cross' undying power. These events, after Soroti this month, bring to a close commissioning season this year that precedes **Life Line's 4th Ordination** of 791 leaders set for the month of August 2017!

I seek to visit the Life Line branch in Germany toward the close of July to take the Impact Tour to the God's people in Europe. I believe the Lord for your support in prayer and financially toward this endeavour. It is my heart that nations far and wide shall know the saving Grace that is our **Lord, Jesus Christ**.

The Gospel that our Lord preached while on earth was that of word and heart; one that spoke the word to God's people and had a heart for them too. It is most unfortunate that over the years, preachers have reduced the gospel to verbal communication; ignoring the needs of those ailing and in need around them. However, Jesus says different, **"The Spirit of the LORD is upon me, for he has anointed me to bring Good News to the poor..."** (Luke 4:18 NLT)

Dear partner and child of God, our contribution cannot truly be to the Gospel if it ignores reaching out to the less privileged and crisis-stricken. I say that with all certainty as an evangelist of Christ. Hundreds of thousands more, like the people of Katakwi, await the true gospel to be afforded them; the Gospel of a caring hand. The little we give goes a long way in sharing the boundless love of our Christ to others... for **"...whatever you did for one of the least of these brothers and sisters, you did for me."** (Matthew 25:40 NIV)
